

**ADVISED LES CONSTRUCTEURS DU BOIS
FOR ITS LISTING ON EURONEXT ACCESS**

October 2020

Founded in 2011, LES CONSTRUCTEURS DU BOIS (LCB) is a real estate developer specialized in wood constructions in Eastern France. It operates in two segments: medical health centers and retirement homes. LCB quickly gained recognition with its wooden creations and with the societal dimension of its projects in housing estate of medium population density, in weakly urbanized locations or even in rural regions. Its offer is addressed to municipalities, landlords and private investors.

As of 2021, LCB will gradually expand its offer towards the creation of intergenerational eco-neighborhoods. The Company is carrying out a first experimental site in Epinal (88) supported by the ADEME (French Environment and Energy Management Agency). These projects are aimed to promote the intergenerational housing development by reinvigorating the center of small and medium-sized towns. LES CONSTRUCTEURS DU BOIS will also focus on the creation of retirement homes offering a personal services turnkey solution.

With a pipeline of more than 20 projects under development for a business volume close to €60 million, LES CONSTRUCTEURS DU BOIS has solid growth perspectives.

ATOUT CAPITAL advised LES CONSTRUCTEURS DU BOIS and its shareholders for its listing on EURONEXT ACCESS. (ISIN: FR0014000719 - Mnemo: MLLCB). This IPO is intended to help LES CONSTRUCTEURS DU BOIS improving its recognition among its partners and gaining notoriety.

In addition, LES CONSTRUCTEURS DU BOIS and its shareholders are engaged in a dynamic of free float's enlargement to facilitate market fundraising transactions and finance its growth.
